Skills -Learn how brush strokes can create a pine bough.

Lots of options for this one!

- Personalize your bulbs with your family's names (including pets), or leave them blank.
- Personalize your bulbs with your cousin's names, or your friends' names, etc...
- You can choose to paint a glitter glaze on your bulbs.
- Select from a variety of colors.
- Select from an assortment of bulb shapes.

Note: If you decide to personalize your bulbs, you will need to write the names with your own Sharpie (or whatever marker you choose) at home since the paint on the bulbs will most likely be too wet to write the names during class.
